## TOTO Introduces the Arvina Vessel Lavatories

*Company Expands Vessel Line with Simple Geometric Designs for Ideal Remodeling or New Construction*

**(Morrow, GA) January 19, 2016** — With their classically modern design, TOTO's new Arvina Vessel Lavatories have a clean, uncomplicated look and are at home in both modern and traditionally styled settings.

With their clean lines and simple geometric shapes, the Arvina vessels offer the widest range of bathroom applications imaginable, from remodeling to new construction. These decorative vessel lavatories not only help save space in a small bath or powder room, but they are also ideal for a double vanity in the master bath space, helping make the rooms exceptionally beautiful.

This year, TOTO introduces three new Arvina vessel designs: one square and two round. The square Arvina vessel has a straightforward linear shape that integrates beautifully with other neutral elements in the bath space. It measures 16-9/16" x 16-9/16". This geometric vessel has a generous basin that measures 16-1/16" across to provide users with plenty of space and minimal splash.

The two Arvina round vessels are artful in their own right and offer an understated, classic elegance. Their quiet sophistication complements commercial and residential applications with a timeless sensibility equally at home in modern or traditional environments. The round Arvina vessels

measure 15-3/4" x 4-15/16" and 16-9/16" x 4-15/16". Their generous circular basins measure 16-1/16" and 15-1/4" across, so users have plenty of room with minimal splash.

TOTO's Arvina vessel lavatories are easy to clean and offer consumers and designers the performance, superior craftsmanship, and exceptional quality for which TOTO is renowned.

**Journalist's Note:** As with all TOTO products, high-resolution digital photographs of the Arvina Vessel Lavatories are immediately upon request.

#### **About TOTO**

TOTO USA is headquarters for the Americas Division of the TOTO Global Group, which was established in 1917 with the founding of TOTO, Ltd., in Kitakyushu, Japan. TOTO is the world's largest manufacturer of bathroom fixtures and

fittings with \$5.1 billion dollars in annual sales. For nearly 100 years, TOTO has been the recognized leader in performance innovation and design with products that enhance the luxury bathroom experience. Today, the company maintains 25,700 employees in 69 offices around the world and owns manufacturing facilities in Japan, Mexico, the USA, China and Europe with an affiliated network of more than 80 production facilities worldwide. With over 1,500 engineers on staff and three centers devoted to research and development, TOTO is dedicated to engineering products that respect the environment while meeting people's needs for comfort, beauty and performance. TOTO's corporate philosophy —People-First Innovation —is the guiding principle for all the company's processes, from engineering and design to manufacturing and sales. Consumers enjoy the peace of mind that comes from knowing they purchased a brand that innovates to improve people's quality of life. Winner of numerous domestic and international awards and recognitions, TOTO is the only plumbing manufacturer honored as Water Efficiency Leader by the U.S. Environmental Protection Agency. The company continues to raise industry standards and consumer expectations as to what is possible in the bathroom, as TOTO believes a high-quality bathroom is an experience and an everyday luxury people value and appreciate.
